## SERVICE BY STREET CARS IS SUSPENDED HERE TODAY; RAISE WAGE ASKED, SAID

Walk-Out of Carmen Accompanied by Not Slightest Trace of Disorder.

### STATEMENT IS ISSUED BY TRACTION PEOPLE

President Sewell, of Carmen's Organization, Says Has No Statement Make Yet.

Street car service was suspended here today when members of the local Amalgamated Association of Street and Electric Railway Employees of America stopped work. The cars were placed in the barn last night, after completion of the day's work, but were not taken out this morning. There was no disorder.

The contract between the management of the local street railway system and the carmen's union is said to have expired. A request for higher wages is said to be the bone of contention between the company and its employees. However, no statement was forthcoming from C. T. Sewell, local president of the union. Mr. Sewell declared "there is little or no change of condition and really we have no statement to make at this time."

A statement, signed by A. A. Hardage, receiver, and W. R. Speer, superintendent, was issued by the company. The statement follows:

The North Alabama Traction Company has been unable to furnish service to its patrons today, on account of a demand from its employees for higher wages; and on account of the inability of the management to accede to this demand, strike has inaugurated, and the employees quit the service, and refused to handle the cars under the existing contract. The management was unable today to furnish the usual service on this account.

The employees demanded an increase in pay of more than 50 per cent on an average, which the receipts of the company do not justify the management in promising. The graduated schedule of pay demanded is more than receipts will justify paying.

The increase demanded would exceed the receipts of the Company, and leave nothing to pay for power, or for maintenance and upkeep of the plant, taxes, or for any rate of interest or the investment. The management cannot promise its employees more than what experience shows the receipts of the Company amount to.

The management assures the public that it is giving due consideration to the demands of the men, and will afford the public a restoration of the service as promptly as it can possibly do so.

October 5th, 1920.  
A. A. HARDAGE,  
Receiver.  
W. R. SPEER,  
Superintendent.

## BANQUET TONIGHT TO BE BIG AFFAIR

MEMBERS OF ALBANY CHAMBER OF COMMERCE WILL HAVE FEED AT 7

Members of the Albany chamber of commerce will enjoy one of the best banquets of the series at 7 o'clock tonight in the rooms of the commercial organization. The doors to the banquet hall will open promptly at 7 o'clock.

Secretary-Manager McDaniel today stated that the program will be ended in ample time for those who wish to attend the performance at the Masonic theatre.

## German Officials Will Get Paroles

LEAVENWORTH, Kan., Oct. 5.—Eckart Shack and Franz Bopp, former consul and vice consul for the German imperial government were to be paroled from the Federal penitentiary late today. They were serving terms of 5 years each for violating American neutrality having been imprisoned since 1918.

## Women of Morgan County to Register To Vote Next Week

Women of Morgan County may register beginning next week, probably Monday. The work then will be carried forward as rapidly as possible under the direction of a chief registrar and two assistants. Registration of the women of Alabama is provided in bills passed by the special session of the legislature and which have had the approval of Governor Kilby.

Speaker S. A. Lynne stated this morning that the registrars and assistants for Morgan County have not yet been named. Their appointment by Governor Kilby, however, will be made shortly.

The registration measures now are being printed and will be distributed, ten copies to each county, the latter part of this week, or the first of next. Mr. Lynne stated under a resolution adopted by the legislature distribution of the acts was made compulsory, in order that women may have complete information regarding registration.

Begin in County  
The registrars will begin their work in Morgan, outside Albany and Decatur, it was stated. The law provides that they shall visit every precinct in the county, ending the registration at the county site.

It is left up to the registrars themselves where they will begin their duties. Each precinct will have been visited prior to November 2, Mr. Lynne said today. That will permit every woman to take advantage of the opportunity to cast her ballot for her presidential choice in the national elections. The new voters also will be enabled to vote for a United States Senator.

Can Pay Polls  
Under the provisions of the recently enacted state laws, providing for the balloting of women under the suffrage act, they are required to pay poll taxes. However, it was stated here that it was not the spirit of the law to force women to pay their polls for this year, in order to vote in November. They are not required to pay back polls.

Poll taxes for 1921 were due October 1 and are delinquent February 1. Women may pay their polls any time between now and February 1, without jeopardizing their right of franchise, it was said.

## HENRY HARTUNG AND TIDWELL AGAIN ARE NAMED CITY CLERK AND CITY ATTORNEY

Only Three Albany Offices Filled by the Incoming Council Last Night.

### COUNCILMEN TO MEET TUESDAY EVENING AT 6

Payne Administration Formally Takes Over Task of Municipal Government.

The new city council of Albany, due to serve for a term of two years, was installed last night at the final session of the outgoing board of aldermen. A considerable number of citizens were present and keen interest was manifested. In a suitable address, in which he thanked his associates in office for their loyal co-operation Mayor A. C. Dillehay, introduced Mayor-Elect E. C. Payne, who accepted the honor being Albany's mayor for the fourth time, in a graceful manner. The full board of new aldermen was present with the exception of Alderman Chenault who was unavoidably absent. President of the Council C. E. Malone, surrendered the gavel to H. O. Cline, the new president, with the usual formalities.

President Cline presided with dignity and evidenced a desire to have the business transacted in order and with dispatch. One of his first official acts was to call up the matter of an election of a city clerk. Only one application was presented, that of the incumbent, Henry C. Hartung. Mr. Hartung was elected by unanimous vote followed by cheers. Under the head of election of city attorney, Col. Tennis Tidwell, who is now in Montgomery, the only applicant was elected by unanimous vote. Both of these officials have served many years and their unanimous re-election is a tribute to their records.

Banks Depositories  
A resolution, which had been drawn by Col. Tidwell, the purport of which was to make both the Morgan County National bank and the Central National Bank depositories of the city of Albany on an equal basis, was unanimously adopted. According to the resolution, the Central National is to hold the general funds of the city on deposit, while the Morgan County National is to hold on deposit the entire school funds. Another provision, was that the two banks should share equally all the other financial business, which included especially the proceeds of the bonded indebtedness of the city. It was commonly reported at the meeting that the resolution as passed was mutually agreeable to the two banks in question. Following out the same policy of dividing the business of the city between the two local banks, Cashier T. A. Bowles, of the Central National Bank, was elected Treasurer of the city.

The following standing committees

(Continued on Page 5.)

## LABOR UNION HOLDS REGULAR MEETING

D. C. JONES REVIEWS WORK OF DELEGATES IN THE STATE CAPITAL

The regular Central Labor Union meeting was held last night at Hardage Hall and was presided over by President Gentry. After the reading of the minutes by Secretary L. E. Boeglen, D. C. Jones, recently sent to Montgomery as one of three delegates from Albany, to protest against the Denny Coal Bill, and the Open Shop Measure made an address in which he expressed his pleasure at the two bills falling to pass, and described at length the efforts made by union men and their friends before the legislature. Mr. Jones also made a partial report on certain money collections he had been making for the Central Labor Union, in which he took occasion to denounce any spirit of jealousy or unfairness that might have been fostered in the past between the cities of Albany and Decatur.

A brother worker from Florence, Mr. Wolf made an interesting address in which he explained the successful workings of unionism in Florence.

## CLEVELAND WINNER OF 1st GAME 3 TO 1

American League Club Gets Away to Flying Start in Initial Meeting With Brooklyn, and Never is Headed. Coveleskie Pitches Wonderful Ball and is Strong in the Pinches.

Score by innings: 123 456 789— R. H. E.  
Cleveland 020 100 000— 3 5 1  
Brooklyn 000 000 010— 1 5 1

EBBETT'S FIELD, Oct. 5.—While thousands of fans, unable to get seats nor standing room in the stands fought for admittance at the gates, Brooklyn and Cleveland met this afternoon in the first of the 1920 World's championship series for premier honors in baseball.

The line ups announced by Managers Speaker and Robinson follow:

Cleveland: Evans, lf. Olson, ss. Wamby, 2b. Johnston, 3b. Speaker, cf. Griffith, rf. Wood, 1b. Wheat, cf. Meyers, lf. Gardner, 3b. Konetchy, 1b. Burns, 1b. Kilduff, 2b. Sewell, ss. O'Neil, c. Krueger, c. Coveleskie, p. Marquard, p.

Umpires were: O'Day, Klem, Conally and Dineen.

First Inning  
Cleveland—Evans out, Olson to Konetchy. Wamby out on a fly to Wheat. It was a low liner straight into Wheat's hands. Speaker fanned. No runs, no hits, no errors.

Brooklyn—Olson out on a fly to Wood. Johnston fanned. Griffith out, Sewell to Burns. No runs, no hits, no errors.

Second Inning  
Cleveland—Burns scored on a single and an error by Konetchy. The hit was a high fly between Konetchy and Kilduff. Konetchy threw wild trying to catch the runner at second and Burns came all the way home on the error. Gardner out, Olson to Konetchy. Wood walked. Sewell singled to center. Wood took third. Wood scored and Sewell went to third on O'Neil's double down the third base line. Mamaux warming up for Brooklyn. Coveleskie out, unassisted to Konetchy. Sewell was caught off third for an out. Two runs, three hits, one error.

Brooklyn—Wheat out on a fly to Speaker. He made a wonderful catch in short left center. Meyers out on a fly to Wood. Konetchy out, Sewell to Burns. No runs, no hits, no errors.

Third Inning  
Cleveland—Evans walked on four straight balls. Wamby sacrificed, Johnston to Konetchy. Speaker out on a fly to Wheat. Evans held at second. Evans out, J. Johnston to Kilduff on Burns' grounder. No runs, no hits, no errors.

Brooklyn—Kilduff out, Sewell to Burns. Sewell made a great stop and throw. Krueger out, Gardner to Burns. Marquard out, Gardner to Burns. No runs, no hits, no errors.

Fifth Inning—Cleveland—Evans out on a fly to Wheat. Wamby fanned. Speaker out, Griffith to Konetchy. Griffith made a wonderful catch against the right field wall. No runs, no hits, no errors.

Brooklyn—Konetchy flied to Speaker. Kilduff out on a fly to Wood. Krueger out, Gardner to Burns. No runs, no hits, no errors.

Sixth Inning—Burns struck out. Gardner out on a fly a Wheat. Wood fanned. No runs, no hits, no errors.

Brooklyn—Lamar batting for Marquard. He was out on a liner to Sewell. Olson singled to left center. Johnston out on a sacrifice, Coveleskie to Burns, Olson taking second. Griffith out Coveleskie to Burns. No runs, one hit, no errors.

Seventh Inning—Mameaux now pitching for Brooklyn. Cleveland—Sewell fanned. O'Neil fanned. Mamaux had speed and good control. Coveleskie fanned. No runs, no hits, no errors.

Brooklyn—Wheat up. Brooklyn—Wheat doubled to center and the crowd went wild. Meyers out, Sewell to Burns. Wheat going to third. Wheat scored on Konetchy's out. Burns to Coveleskie who covered first. Kilduff struck out. One run, one hit, no errors.

Eighth Inning  
Cleveland—Jamieson batting for Evans. Cleveland—Jamieson out, Olson to Konetchy. Wamby out, Mamaux to Konetchy. Speaker out, John-

## COLLIER, RIGGSBEY AND SHACKELFORD ARE REELECTED BY DECATUR COUNCIL

First Meeting of Incoming Board Held at City Hall Last Night.

### 13 BALLOTS FAIL BREAK TIE FOR CITY ATTORNEY

John A. Thomason Again Named Mayor Pro-Tem for Next Two Years.

Quietly and without ceremony, the new administration last night took over the reins of government in Decatur and proceeded with the dispatch of business. There was only one change in the board of aldermen, W. E. Roper having been elected to the place left vacant by T. M. Dix, who was not a candidate for re-election.

Just prior to the formal opening of the council meeting, members of the board met informally in the office of Mayor James A. Nelson for a conference.

When they gathered again in the council chamber, all of the aldermen and Mayor Nelson were sworn in by S. W. Irwin, notary public and immediately began the work of electing officers.

Collier Re-elected  
E. W. Collier, for many years popular clerk of Decatur, was re-elected for another term unanimously by the incoming board. Mrs. W. R. Nelson was unanimously re-elected city stenographer.

Chief of Police Riggsbey, for several years head of the city's police department, again was chosen to succeed himself unanimously.

John A. Thomason was unanimously re-elected mayor pro-tem.

Election of a fire chief and other members of the police department was postponed until the council meets in regular session Thursday night.

Thirteen Ballots  
The only question upon which the council divided was upon the election of a city attorney, to succeed S. A. Lynne. The names of Mr. Lynne and W. W. Callahan were offered, but thirteen ballots failed to break a 3-3 tie.

The ballots were written, no roll call being taken. Final action to fill the office is expected to be taken Thursday night.

W. B. Shackelford was re-elected city treasurer, automatically making the City National bank depository for the next two years. Alderman Hendrix offered the name of John C. White as city treasurer. Written ballots were taken, one being blank and five voting for Shackelford.

Faces Big Task  
The incoming administration faces perhaps the most difficult problems any administration in recent years has been called upon to solve. The passage by the special session of the legislature of an amendment permitting cities with populations under 6,000 to sell paving bonds, removes, it is said, the last barrier to the completion of Decatur's street improvement program.

The council last night did not take up the paving question, but it is expected that it will be discussed thoroughly Thursday evening.

## BORAH CONTINUES WORK FOR HARDING

PERSONAL ASSURANCE GIVEN SENATOR WHO MAKES PUBLIC TELEGRAM TODAY

(International News Service)  
MARION, O., Oct. 5.—Senator Warren G. Harding has received personal assurance from Senator William E. Borah, one of the peace treaty irreconcilables, that he has not withdrawn from active participation in the campaign as widely reported. Senator Harding today made public a telegram received from the Idaho senator in which he said he would continue to work for Harding's election and the league defeat in his "own way."

## Sentence of I. W. W. Affirmed by Court

(International News Service)  
CHICAGO, Oct. 5.—The United States Circuit court of appeals today handed down a decision affirming the conviction of William (Big Bill) Haywood, I. W. W. leader and 93 others, convicted here more than a year ago of conspiracy to violate the espionage law and impede America's prosecution of the war. The sentence imposed range from one to 20 years with fines running as high as \$5000.

Haywood has already served part of his 20 year sentence but was released several months ago pending decision on his appeal. The decision of the Circuit court means that Haywood must return to jail.

## WEATHER

Fair tonight and Wednesday. Warmer.

## PRICES REDUCED

(International News Service)  
MARION, Ind., Oct. 5.—Indiana truck corporation announced today reduction in prices of Indiana motor trucks ranging from \$135 to \$400.

**Editorial Opinion****PAPER LAST**

Press reports tell us that prices are beginning to come down, and some small evidences of the good news can be found in a few lines of merchandise in the local markets. Flivvers are selling for less, sugar has taken a tumble, it is said that clothing and shoes will be cheaper.

But the thing in which the publisher is most interested is paper, and those who claim to, and should, know say that will be one of the last commodities to drop. The reason they give is shortage of world supply. The usual supply carried by the mills has not been in evidence for the past two years at least. In place of a surplus from which to fill orders the mills are from three months to a year behind on orders. There are practically no stocks in the hands of the jobbers. Houses that under normal conditions would be carrying heavy stock have practically nothing on their shelves at the present time, and for months have been using every shipment they could get to fill back orders. In the same way the stocks in the hands of the printers of the country are depleted. In the big printing establishments in place of going to the stock room for paper when the press is ready to run they are holding presses waiting for the stock to come in.

And the wise ones say that even with a decreased demand, should that decreased demand come, it will be several months, possibly more than a year, before the mills can catch up and again give us a normal condition in the paper market. Until that time, they say, we cannot hope for any appreciable decrease in the price of paper.

And in the meantime the spot market on print paper is, if changing at all, going up instead of down.—Publishers Auxiliary.

**BORAH SUSPICIOUS**

Senator Borah, who once received all the assurances that he wanted, has become suspicious that he is being doubled crossed by his own crowd. The crooked ball players in the baseball scandal sold out, but the gamblers were rascals enough to beat them out of some of the money they promised them. Senator Borah knows just what sort of a crowd he has to do business with when he comes to an agreement with the bunch of Republicans who are trying to elicit Harding.—Montgomery Advertiser.

**Just In Passing****EXHIBIT INTERESTING**

"The exhibit of the health department seemed to attract much attention at the Morgan County fair," said Dr. B. F. Austin, county health officer. "I was amused at one ex-soldier who came by the booth. He saw the microscope and said 'here, I've got to take a look through this, it looks like an anti-air craft gun'. He took his look too and appeared to enjoy it as much as anybody."

**GREAT BOOSTER TRIP**

"The booster trips this year were the most successful of any staged here in my opinion," said W. W. Rahm, well known local haberdasher. "The boosters were received with enthusiasm everywhere they went. The people of Danville were particularly hospitable and on the second trip of the local contingent we got one of the biggest feed any bunch of visitors ever had anywhere."

**BE ON TIME**

"I hope the big crowd, which, no doubt will attend the membership banquet of the chamber of commerce, will be on hand promptly," said Secretary-Manager McDaniel, of the Albany chamber of commerce. "The committee of ladies arranging the menu has planned a number of surprises for the diners."

**HOLD YOUR COTTON**

"My advice to the cotton farmer is hold your cotton," said T. Worley. "I haven't a whole lot of cotton myself, but I have a little and you bet I am going to hold it. Cotton is sure to bring a better price than the market."

**THEY HAVE BIG TASK**

The new municipal administrations of Albany and Decatur assume their duties today. They have before them tasks that will challenge the best that is in them; problems as great, if not greater, than any set of city officials Albany and Decatur have faced in recent years.

Albany has just gotten well underway the greatest paving program in her history; the amendment of a state law by the special session of the legislature, permits Decatur to go forward with her street improvement plans. The handling of these hundreds of thousands of dollars, incidental to the paving programs, will be one of the heavy burdens resting upon the shoulders of the men who make up the city governments here. Upon them will devolve the duty of seeing that the interests of the cities are protected, that the citizens obtain just what they are paying for.

The next two years are expected to be pregnant with opportunities for civic and commercial expansion. The city fathers will play no small part in the extent to which Albany and Decatur will take advantage of those opportunities.

Just now an application is pending at Montgomery for increased telephone rates and the water company has made a request for higher water rates. These are among the added problems of city government the new administrations will be called upon to solve.

The Daily, as an integral part of the civic fabric of the Twin Cities, extends to the new officials its felicitations. The Daily believes the officials are well prepared to discharge the duties of their offices to the best interests of all. The Daily takes advantage of this opportunity to pledge its hearty cooperation to the new officials in every public movement looking to the upbuilding of our community.

**SPORTSMAN'S CREED**

The other day there came into The Daily office the following Sportsman's Creed. It's a good creed. The Principles, applied in everyday life by every inhabitant, would go far toward the realization of the brotherhood of man. Read it:

- "I believe that a sportsman should
1. Never in sport endanger human life.
2. "Never kill wantonly or needlessly or brutally.
3. "Obey the laws of State and Nation, work for better laws and uphold the law-enforcing authorities.
4. "Respect the rights of farmers and property owners and also their feelings.
5. "Always leave seed birds and game in covers.
6. "Never be a fish-hog.
7. "Discourage the killing of game for commercial purposes by refusing to purchase trophies.
8. "Study and record the natural history of game species in the interests of science.
9. "Love Nature and its denizens and be a gentleman."

**RIDICULING HARDING**

The following editorial from the New York Evening Post is an excellent example of ridicule—well-tuned, well directed:

**IN JUSTICE TO MR. HARDING.**

Senator Harding says that the Federal Government is incurring a deficit of about a billion dollars a year. Actually the government's income is in excess of its expenditure. Senator Harding says that the national debt is increasing. Actually the national debt has been reduced by about three billion dollars within a year. But what do these things matter? As President, Senator Harding will have a Secretary of the Treasury who can add up figures correctly.

Senator Harding says that China was unrepresented at the Peace Conference and entrusted her case to our representatives. But what does that matter? As President, he will have a Secretary of State who will know that two Chinese delegates participated in the Peace Conference.

Senator Harding recalls seeing Richard Mansfield in a war-play called "Charles V." But what does that matter? As President, he will have a Commissioner of Education who will tell him that Shakespeare called it "Henry V."

In the heat of a Presidential campaign there is an unjust tendency to which the Evening Post confesses it has occasionally surrendered—to ask a candidate what he thinks ought to be done and what he expects to do if elected. But that is one-man government. Mr. Harding has made it plain that if elected he will not violate the constitution by thinking for himself. He will get Mr. Root, Mr. Hiram Johnson, Mr. Lodge, Mr. Borah, and Mr. Penrose to think for him; and if they disagree they can always toss up a coin.

We are reminded of a pertinent remark by Abe Martin. Abe reported recently that Senator Harding played nine holes of golf on a certain day with only one adviser.

The Senator is super-cautious, afraid to take any chances. And if we may judge him from the Post's list of errors, who could blame him for being cautious?—Montgomery Advertiser.

**SENATOR COMER'S OFFER**

The huge breaks in cotton prices should be met by an inflexible determination on the part of the farmers to hold until a reaction comes. That the decline has been forced by illegitimate gambling interests is an opinion held by shrewd trade experts, and that it is indefensible is reflected in the action of Senator Comer, himself a powerful factor in the spinning world. Senator Comer agrees to loan as much as \$200,000 to farmers who cannot stomach selling their cotton at a loss when there is no need for it—with a world swept pretty clean of raw textiles.

Senator Comer is not a sensationalist. He is not one of those who preach that cotton is the most precious thing in the world and should fetch double or triple the price of other necessary commodities. Nor is he a constitutional "bear" who by principle would pound prices, as some other spinning merchants in the South are wont to do. Instead he is a Southern man, a student of economics and a lover of all things Southern. Hence, confirmed in his opinion that prices will recover, he offers his purse to those who are pressed to meet obligations.

In the absence of Federal Reserve system backing, vouchsafed freely in recent years, the example of Senator Comer should be followed by other financiers and forward-looking farmers who wish to save Southern farmers from utter disgust with cotton-raising. For be it known, there is a belligerent of planters who are for quitting cotton culture entirely. They point out that the Southern farmer has grubbed and grubbed through generation after generation for meager pittance doled out by Manchester and Eastern spinners—sometimes 5 cents for middling—sometimes 10, 20, and 25 cents—but never more than they have been forced to pay. They are in part right. But it would be tragic if the time should come when, because of industrial persecution, Southern farmers should be forced to abandon cotton growing entirely.

Senator Comer's faith in ultimate higher prices and his offer to back up his judgment with hard money, should be accepted as a challenge to other financiers whose money can be made to work for the welfare of the South.—Birmingham News.

"Want authority to improve our port," says an exchange headline. Would be interesting, except for the fact that we learned several months ago that authority had been given to take away our port.

Democratic voters will get a great deal more consolation now out of The Florence News headline: "Great Crowds Hear Roosevelt" than they would have several years ago.

With two teams so generally conceded to be evenly matched ready to go to the mat in a world's series, it is a pity that the baseball exposure has taken so much of the interest away.

"No wonder Italians wish to emigrate," says the Greenville (S. C.) Piedmont. Nor is there any more wonder why they choose the United States for a landing field.

Birmingham baseball fans watched with interest Pat Duncan's work in the world's series last year. They will be equally as interested in the work of Burleigh Grimes this season. Both formerly wore the Magic City uniform.

**WALL STREET GIRLS****WEAR WOUND STRIPES**

(International News Service)  
NEW YORK, Oct. 5. — Wound stripes for victims of bomb explosion—that's the latest fashion among the girl stenographers and clerks of Wall street.

A few days ago a fair typist in a Wall street broker's office who was injured by falling glass in the recent bomb outrage was able to report for work for the first time. On the right sleeve of her waist she wore a tiny gold chevron, much like the wound stripes worn by soldiers during the World War.

"It's my wound stripe," she explained, "and why not? I was wounded and 'shell-shocked' while in the performance of hazardous duty—trying to get to a lunch room during the moon hour—and I decided I am entitled to a bomb explosion decoration to show what I went through."

Other Wall street girls are adopting the wound stripe idea.

Asbestos production is becoming an important industry in North China.

**We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.** (Adv.)

Bad breath is a symptom of a disordered stomach, and weak digestion. The remedy for it is Prickly Ash Bitters; the medicine for men. It purges the stomach and bowels of fermented food and impurities, purifies the breath, clears the complexion of sallowness and makes you feel fine. Price \$1.50 per bottle. Sold by Druggists.—Adv.

**WARNING**

The Dog Registration Fees for 1920-21 are now due and will be delinquent after October 15th, when it will cost double the tax and \$2.50 Sheriff's Fees. I have the necessary force now to take care of your wants and if you will come now, can serve you. If everybody waits until the last minute, we cannot wait on you. Come Early and avoid the rush.

J. L. Draper, Clerk Circuit Court.—Advertisement 4-3t

## Five Minutes' Inspection Will Prove SELLERS Supremacy

Come to our store and in five minutes we will show you fifteen major conveniences in the Sellers Kitchen Cabinet that will prove to you why it is preferred by most women. They are improvements never before combined in a single cabinet—every one a worth-while convenience—a labor-saver and absolutely essential for perfection.

# SELLERS KITCHEN CABINETS

"The Best Servant in Your House"

These conveniences cost over \$100,000 extra annually, yet the price of a Sellers is no greater than the price of any good cabinet. When you buy a Sellers, it gives you the advantage of the best at the price of a good one. In no other will you find the Automatic Lowering Flour Bin. This is a convenience that eliminates lifting, straining and danger of climbing on uncertain chairs. It lowers to the table level for filling;

then easily glides back into place, automatically. Other features such as Base Shelf Extender, Anti-Proof Casters, Porcelain Work Table, all contribute their part to make the Sellers the pinnacle of cabinet perfection.

A visit to our store places you under no obligation to buy, but if you decide to order a Sellers, we will arrange terms to suit your income. Here is your opportunity. Why go a day longer without the ease and leisure that a Sellers guarantees!

## SCHIMMEL AND HUNTER FURNITURE CO.

## Chandler Puts On a Good Sale

(A Remark Overheard from one of our Customers)

We thank you. After all however there is not a great deal to putting on a good sale except to do as you advertise. This we have done. In the first place it is too often the case that the reductions that are to be given are very much overestimated. Then of course not given because it is impossible. WATCH OUT NOW and SEE if you don't read some advertising that makes our prices and sale look like a piker.

To say that we are delighted with the results is putting it mildly. We are very appreciative of the confidence of the public and shall not betray it with exaggerated statements about values.

## Our Sale Ends Saturday Oct. the 9th.

As the first Rush is past we shall be able to render you much better service from now on and we invite your interest and co-operation.

A few things are now sold out or reduced to the limit. But our store is still jammed with stock that must be sold and will be displayed and reduced to your satisfaction.

### "THE MIRACLE MAN"

Far away from the bustle of cities  
In a spot that was countryside  
famed

Lived a Miracle Man, strangely gifted  
To deliver the stricken and maimed.

To this patriarch old in his cottage,  
With a plan to reap wealth from his  
deeds,

Came a group from the slums of  
Manhattan,  
Who obeyed no command save their  
needs.

There was Burke and the Girl and the  
Dope Fiend

And a misshapen brute, their de-  
coy.

Then a Miracle happened! The gang-  
sters  
Found the vile in their hearts was  
alloy!

For the pure, guileless life 'mid the  
mountains

Brought ideals that cleansed  
smirched hearts of crime.

Til at last even Burke, the foul-heart-  
ed,

Freed his soul from the taint of its  
slime.

It's a picture that tugs at your heart-  
strings

Full of thrills, mixed with laughter  
and tears.

When you see it, you'll echo with  
thousands:

"Takes its place with the greatest  
in years."

### MISCELLANEOUS SHOWER

The Young People's Missionary So-  
ciety of the Central Methodist church  
will entertain at a Miscellaneous  
shower, complimentary to Mrs. Rufus  
Warren, Wednesday afternoon at the  
home of Mr. and Mrs. D. W. Speake  
on Johnson street.

### D. A. R. LUNCHEON

The Stephens' chapter of the D. A.  
R. will hold its initial meeting for  
the calendar year, Thursday, Oct.  
7th, at the residence of Mrs. D. C.  
Almon, when Mesdames Almon, T.  
H. Alexander and LeRoy McEntire  
will be joint hostesses at luncheon.

Miss Marjorie Lucas of Athens,  
was the over Sunday guest of Miss  
Mildred Moebes.

The Presidents Day of the Satur-  
day club which was to have been  
held Saturday, has been postponed in-  
definitely.

Mesdames Roy Billings, C. L. Saun-  
ders, and Joseph Pettey, will en-  
tertain jointly at cards Saturday after-  
noon, at 2:30 at the homes of Mrs.  
Saunders and Mrs. Pettey on Sher-  
man street.

Mr. and Mrs. Price Hamilton and  
son, Price Jr., have returned to their  
home in Birmingham, after a visit to  
Mrs. Hamilton's parents, Rev. and  
Mrs. L. F. Goodwin.

Mrs. Will McDermott leaves tomor-  
row for Nashville where she will  
place her daughter, Miss Lillian in a  
business college.

Mrs. W. F. Boswell is visiting  
friends in Nashville this week.

Miss Sue Simpson of Birmingham  
is the expected guest of relatives in  
the twin cities.

Mesdames Charles Hamlet and W.  
H. Johnson will leave this afternoon  
to attend the fair in Chattanooga.

Mrs. E. F. Wilson who has under-  
gone a serious operation at the Be-  
nevolent hospital is reported as rest-  
ing easy.

Mrs. H. H. Jones is the guest of her  
sister, Mrs. E. E. Kelley, in Birming-  
ham for the fair.

Mr. and Mrs. John Williams and  
daughter, Misses Beulah, and Erika,  
have returned home from a two weeks  
visit to friends at Maud, Okla.

High quality usually means high  
price—Cole's Brown Draft Ranges give  
you high quality at moderate prices.  
—Adv.

### MISSIONARY SOCIETY CENTRAL M. E. CHURCH

October the 4th, Mrs. W. A. Green  
opened the doors of her hospitable  
home to the Women's Missionary So-  
ciety of Central M. E. Church. A  
large attendance was evidence of the  
appreciation of the society. Mrs. L.  
P. Troup conducted the devotional  
and was leader of the splendid pro-  
gram on Africa; so vivid was the ten  
pictures, we felt as though we had  
made a short trip to the Mission  
field, and our missionary in Africa.  
While reports bring good news of  
progress in her borders, there is still  
much to be done, and our prayer  
should ascend daily to the great Lord  
that he help us, to do our best to  
send the gospel and missionaries to  
this united race. Mrs. W. E. Morris,  
of Decatur, honored us with a most  
excellent paper, of study and publi-  
city, every sentence was enjoyed, but  
sadness crept into our hearts, when  
we remember that this good woman  
was soon to leave our home town, as  
this closes the 4th year's work of  
Rev. W. E. Morris presiding elder of  
Decatur district. We pray "God", to  
send them to more pleasant fields of  
labor and love, and possess them  
and more with a divine passion for  
service, and as they serve may they  
see visible results.

A short business session followed, all  
arrangements for the supper Tues-  
day evening for the Board of Com-  
merce were perfected. Rev. W. P.  
McGowan invited the society as a  
body to attend the last quarterly con-  
ference, Monday evening and pro-  
nounced the benediction. A most  
pleasant social hour was spent and  
light refreshments served.

Mrs. J. J. Rose,  
Publicity Supt.

### FRY-SIMPSON

At 2 o'clock yesterday afternoon at  
the Episcopal church, Rev. T. G.  
Mundy officiating, the marriage of  
Miss Margaret Simpson to Mr. Perry  
Fry was consummated, which was  
an occasion of much affectionate in-  
terest. Following the ceremony the  
popular bride and groom left for Cin-  
cinnati, Asheville and other points.  
On return from their honeymoon they  
will make their home here.

Mrs. Frank Mantz has returned to  
her home at Paducah, Ky., after a  
visit to her brothers, J. D. and H. S.  
Roberts.

### PERSONALS

W. N. Hall left for Florence today  
to serve as best man in the Hall-  
Karr wedding.

Otto Moebes spent Sunday in Birm-  
ingham, the guest of his son, Jack  
Moebes who is attending school at  
"The Blessed Sacrament" for the com-  
ing term.

W. R. Simpson is quite ill at his  
home at Curtis Wells.

Jess Harless of Huntsville, Ala.,  
is visiting relatives in Houston, Texas  
and attending the old soldiers' reu-  
nion. Mrs. Harless and little son, Joe,  
are with Mrs. Harless' sister, Mrs.  
D. F. Harrington, 701 Second avenue  
West.

Baby Joe Weatherly has recovered  
from a bronchial attack.

San Francisco has more telephones  
in proportion to population than any  
other large city.

Southerners in the United States  
observed mourning much more strict-  
ly than do Northerners.

### Town of Historic Interest

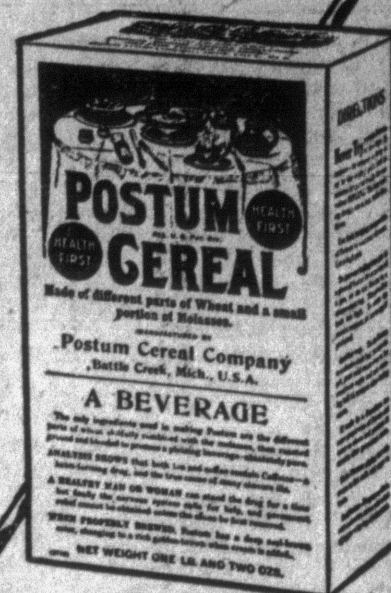

While the name, Nerristown, calls to  
mind that this place is the home of  
the state institution for the insane, it  
is also well to remember that it is his-  
torically interesting. Here can be seen  
the old Swedes' ford of the Schuykill  
river, where American and British  
armies crossed many times during the  
Revolution. On Main street is located  
the home of Governor Hartman. Here,  
too, is the Seven-Star tavern, estab-  
lished in 1754 and famous during the  
Revolutionary war and on this same  
street was located the home of General  
Hancock, of Civil war fame.—Phila-  
delphia Record.

## That Wholesome Table Drink POSTUM CEREAL

gains new friends right along be-  
cause of its pleasing taste, health-  
fulness, and saving in cost.

Postum Cereal is delicious  
when properly made: boil fully  
fifteen minutes after boiling  
begins. The more you boil  
Postum Cereal the better it is.  
When ordering be sure to get  
the original Postum Cereal  
A 50-cup package usually  
sells for 25 cents.

Made by Postum Cereal Company, Inc.  
Battle Creek, Michigan.

## COTTON MARKET

**COVERING MOVEMENT PROTECTS PRICE AND CARRIES LIST ABOVE CLOSE**

(International News Service)  
NEW YORK, Oct. 5.—A continuation of yesterday's covering movement together with trade and foreign buying and good cables from Liverpool gave the cotton market a firm opening today. First prices were unchanged to 32 points higher. Later the offering increased especially in October, due to notices on several thousand bales which were in circulation and prices eased off 15 to 20 points under the initial level. Renewed covering support from spot houses at the lower level caused another strong upturn which, by the end of the first 20 minutes, carried the lists about 40 points above yesterday's close.

## Loves Her Cows and Chickens Again

"I have had stomach trouble for twenty years and for the past year have eaten nothing but stale bread and drank hot water. Was too weak to do any kind of work. Six weeks ago I took the first dose of Mayr's Wonderful Remedy and am now doing all my housework besides looking after my chickens and milking two cows every day. Mine has been a wonderful recovery." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. — S. M. Thompson, Albany, Ala., and The Owl Drug Co., Decatur, Ala.—Adv.

## SPECIAL ANNOUNCEMENT

Those who lost their opportunity in Decatur to take the educational course in "health building" under Prof. Chas. B. McFerrin, food scientist and dietitian, may still be afforded the opportunity in Albany—where the instruction will begin in a few days.

Prof. McFerrin is able to refer to many enthusiastic Decatur students. Learn to eat our way back to health!

Save the tonsils!  
Learn to combine foods so that the mucus forming elements will not be present in the body and tonsils will not enlarge—learn what combination of foods are pus forming—avoid them and you will many times save both teeth and tonsils.

Don't go to the human scrapheap before you study the health problem and then expect your doctor to give you a new body for the old one and then condemn the faithful physician because he can not do it.

Ignorance is the Principal Source of Human Misery!  
A knowledge of the simple truths as presented in Prof. McFerrin's course in dietetics will appeal to your common sense and you will see a way to secure the relief you so earnestly crave.

A full explanation will gladly be made to you in your own home upon request. No obligation whatever. Phone 366 J. Albany, O. W. Stinson's residence.—Adv.

## Biggest of the Big Guns

Great Weapons of United States Defending Panama Canal Shoot Projectiles Weighing Over Ton.

It is not easy to understand what the power of a gun really is—its penetrating and destructive power, observes Popular Science. What we call a 15-inch gun—which means one whose muzzle or hollow part is 15 inches in diameter—will hurl a shell right through a plate or wall of the hardest steel 12 inches thick seven miles from the muzzle. The power of the very largest land guns ever made—the German howitzers or 16.5 guns—is such that one of their missiles cracks open a steel and concrete fort as if it were a nut.

There are two classes of guns—naval guns and army or land guns. Because they can be manipulated more easily than those of a ship, land guns are the heavier. From eight to ten miles is the greatest distance that a gunner can cover successfully at sea. The largest naval gun is the 15-inch English gun on the famous super-dreadnaught and the largest land gun is the German howitzer. Of the two the naval gun fires a shell weighing over half a ton, while the other fires a projectile a ton in weight. But the new giant 16-inch guns of the United States defending the Panama canal and New York at Sandy Hook shoot projectiles weighing 2,370 pounds, which is over a ton. These immense steel guns can sink a ship before it has really come into sight on the horizon, the location of the battleship having been determined by airplane or tower.

## TAKING POISON OUT OF SALT

World's Supply Seems to Be Inexhaustible But None of It Is Wholly Pure Until Treated.

As far as the supply of salt goes it is estimated that there is enough available to last forever. Michigan alone, it is said, claims to be able to supply the whole world for 2,000 years with all the salt it needs. But no matter how plentiful salt may be, it has the disadvantage of being a poison, for no salt is wholly pure. Thus, if the poison in salt can be eliminated vast additional sources will be available.

Scientists have come to the front and have tackled the problem successfully. By adding a solution of just the right amount of sulphate of soda, the barium or poison in the salt is changed to sulphate, and with it is removed the pink or brownish color due to iron salts. This is made available an unlimited supply of salt, which means more raw material for the chemical industries, because the barium-bearing salt is used for making ice.

**Delilah and the Czar.**  
Nicholas was not the first, nor will he be the last, to yield up judgment and will into the hands of a queenly and beautiful woman. The motive of Samson and Delilah of the vale of Sorek is a scarlet thread that runs through all history. And Empress Alexandra herself, a broken-hearted woman from the beginning, was led to the brink of the precipice by forces of tremendous and universal strength; her passionate and morbid love for her invalid son, born after long waiting, whose pains were alleviated, it would seem, by Rasputin's magnetic force, just as the fatal malady of the czar's father, Alexander III, was lightened by the similar but more benign power of Father John of Kronstadt; her obstinate and unconverted devotion for the land of her birth; her passion for autocratic power. Those are not vulgar or trivial motives; they have swayed great souls through all history.—North American Review.

**No Longer a Fad.**  
Vegetarianism was at one time looked upon as a fad of the worst and most bigoted type, but the day has come when it is accorded consideration and has a greater number of followers than even the most optimistic adherent of the cause could have dreamed 20 years ago. The fruitarian movement has an extraordinary number of educated and cultured people who have openly joined its ranks.

Every simple and natural diet is an enthusiast and anxious to bring others into the field. There must, indeed, be something pleasing and attractive about a mode of life which so fascinates its devotees that their labors to enlist others as followers are unceasing.—London Telegraph.

**Not Overly Modest.**  
Here is an advertisement from a Berlin newspaper which does not err on the side of modesty: "A young lady of highly esteemed and noble family, as beautiful as Helen, as thrifty as Penelope, as economical as the Electress Marian of Brandenburg, as sprightly as Madame de Staël, a singer like Mlle. Brevin, a dancer like La Cerito, a pianist like Rosa Kastna, a violinist like Mialnollo, a harpist like La Bertrand, a sculptor like Princess Marie d'Orleans, as austere as Lucrece, as charitable as St. Elizabeth of Hungary, as devout as Nightingale, having at command a large fortune, lacking masculine acquaintance, seeks a husband by the newspapers' agency."

**She Knew Her Country.**  
In a kindergarten class flags were shown, and in answer to a question a little girl gave response that was expected of her:  
"This is the flag of my country."  
"And what is the name of your country?" was the next question.  
"It's of thee," was the prompt reply.

**Originated Hyphen Terms.**  
It is claimed that the term "hyphenated Americans" dates back prior to the year 1876 when John Boyle O'Reilly applied it to a remnant of the old-time Toryism who were objecting to the nation-wide celebration which took place that year.

## Receives Sorghum

L. L. McCulloch presented the Daily with a gallon of as fine sorghum as was ever made. The cane was grown by Mr. McCulloch on his farm near Austinville, grown by him in his mill and is as toothsome a product as can be found anywhere. He has sold his farm here to Mr. McAlister and about Jan. 1, 1921, will go to south Alabama, where he has purchased a farm of 214 acres near Dothan, Ala.

## Capitalist Plot Charged by Paper

(International News Service.)  
MEXICO CITY, Oct. 5.—The newspaper Heraldo de Mexico, in a sensational article, alleges that American capitalists are backing a plan to create a new Republic in Lower California. According to this newspaper his scheme involves the purchase of Lower California for \$200,000,000 by the United States.

**Dotheboys Hall.**  
In "Nicholas Nickleby," one of Dickens' best novels, occurs the name, Dotheboys hall. It is the name of a boarding school in the north of England, kept by a heartless villain named Squeers, a place where boys were taken in and "done for." Squeers' system of tuition consisted of alternate beating and starving. In Dickens' time, it is said, such schools existed, and his account of the one over which Squeers presided did much to bring about their extinction.

**Rather Slim Excuse.**  
Celia and Bobby disagreed, whereupon Celia slapped her brother. A wall brought their mother. Only after a long and severe reproof did the small girl's spirit melt and then she said: "Oh mamma, I'm sorry I slapped him. I didn't mean to. My hand slipped."

## TASTE TAKEN OUT OF CASTOR OIL BY NEW PROCESS

Remarkable Method Perfected by Laboratory Experts of Spencer Kellogg & Sons, Inc.

When the doctor says "take castor oil" you need no longer shudder. By a new scientific process all the disagreeable features have been removed from this famous old remedy. Chemists of Spencer Kellogg & Sons, Inc., have perfected a remarkable process by which all nauseating taste is eliminated from castor oil. Nothing is removed except the taste. Strength and purity remain the same—a 100% pure castor oil. Kellogg's Tasteless pure castor oil. Kellogg's Tasteless castor oil settles the question of the best laxative. No pills or drugs are so prompt and thorough as nature's pure remedy, castor oil. That's why doctors always prescribe it. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c, and 65c. (Adv.)

# Dentists Condemn Gritty Tooth Pastes

Many Recommending Wonderful New Tooth Cleaners.

Writing in the Dental Cosmos, F. D. Miller, D.D.S., says: "With some of the much extolled preparations on the market it is easy by applying the brush to cut the tooth half through, exposing the pulp inside of two hours."

Gritty tooth pastes irritate the gums, scratch the teeth and are so coarse that they cannot reach the cracks where decay and infection start.

And they leave the most important part of the job undone. Oral hygiene does not stop with clean teeth. It is in the little gum pockets that the germs of pyorrhea and other serious mouth diseases incubate, and it is these little crevices that must be sterilized, if serious trouble is to be avoided.

Steroline is a wonderful new liquid tooth cleanser, and mouth antiseptic. Manufactured in liquid form, according to an approved and accepted formula, it is endorsed by dentists everywhere. And not only does it penetrate the narrowest cracks and so really clean the teeth, but its healing antiseptic quality has a wonderful preventive and curative effect on tender or spongy gums. Just a few drops on your tooth-brush used each day in the ordinary way, assure white strong teeth, a sweet breath and clean wholesome mouth. You will be amazed to see how refreshing Steroline is.

Steroline is sold under a money-back guarantee at all the best drug-gists. Get a bottle today, try it for a week, if not completely satisfied return the cardboard box and your money will be refunded at once.

# HEBE

—the food product that brings increased nourishment and economy to every meal.

Margaret Sheldon's Famous Salvation Army Recipe for Doughnuts

2½ cups flour  
1 cup sugar  
2 tablespoons lard  
¾ cup HEBE diluted with ½ cup water  
1½ tablespoons baking powder  
2 teaspoons ground mace  
½ teaspoon salt

Mix into a stiff, soft dough and fry in deep fat. Makes 30 doughnuts.

"Mother's making doughnuts"

—the same plump, golden brown doughnuts made popular by the Salvation Army "over there," because she is making them with HEBE.

Margaret Sheldon, the original "doughnut lassie," uses HEBE. Her recipe has delighted thousands of mothers. One of them writes: "I have tried your recipe for doughnuts and from the rush on the cookie jar, I feel safe in saying they are the best I ever made."

Miss Sheldon's recipe is given on this page. Get a can of HEBE today from your grocer and try it.

HEBE is pure skimmed milk evaporated to double strength enriched with coconut fat. It is an ideal product for cooking and baking, and for use in coffee. Convenient—pure—economical.

Your grocer has HEBE

For real economy, keep a supply on hand and use it daily. Write for the HEBE Book of Recipes. Address Home Economy Dept., The Hebe Co., 2002 Consumers Bldg., Chicago.

# NOTED PERFORMER WANTS NO SALARY

GIVES TOQUE NECESSARIES OF LIFE AND HE IS HAPPY AS CLAM.

"Toque" equine extraordinary, French poodle by grace of ancestry and circus performer by profession, has earned more money in his day than seventy-five per cent of mankind. Yet, as is the fashion with dogs, Toque would rather had a well-cooked bit of meat than all the money in America. So his master, Alf. Loyal supplies him with plenty to eat, a stateroom in which to sleep, handsome collars and takes the money. Toque and his master, together with the finest trained equines that have ever toured, are to be seen here with the great Ringling Brothers and Barnum & Bailey Combined Shows Tuesday, October 12.

Toque has a reputation that extends all over Europe and he has made a fortune for his owner. Toque is a wonderful equestrian. He turns single and double somersaults on a horse's back, stands on his head in the saddle, and while sitting upright on the horse's back catches on his nose, rings and clown caps tossed to him by Loyal. While the trainer stands in the saddle he perches himself, head down, on the man's head.

"Toque" is also a wonderful acrobat. He runs down an incline to a springboard and leaps lengthwise over the heads of a row of ten men, turning two somersaults on the way.

In special entertainment for the children this season's circus is remarkably strong. A troupe of baby elephant performers appeals particularly to the young folks. They are the best kind of fun-makers and quite as clever as the three herds of full-grown elephants which perform in one big number. One of these youngsters walks on a rolling ball, guiding it all around the ring. Another sits in the seat of a wagon and drives like a man, a companion in full harness playing the part of horse. They play on Swiss bells, they play at "Drop the Handkerchief" just like a party of children, they skip the rope, stomp on their heads, play leap frog, tennis and baseball.

In addition to these dumb actors there are whole troops and groups of funny old bears, seals and sea-lions, fox terriers, collie dogs, geese, pigs and Shetland poles.

The mammoth main-tent program opens with a brilliant and stupendous introductory pageant. The animal acts, antics of scores of clowns and fully a thousand arenic novelties and sensations follow. They constitute the pick and cream of the two famous American circuses supplemented by many new importations.

# MUCH METAL GONE TO WASTE

One Hundred Million Pounds of Copper Used in 35,000,000 Shells Ordered by Allies in United States.

Up to date the warring allies of Europe have placed orders for 35,000,000 shells in the United States. This means a lot of valuable metal going to waste, for these orders require a total of 101,000,000 pounds of copper, 46,750,000 pounds of spelter and 173,250 pounds of lead.

A British 18-pounder, or 3.3-inch shrapnel, requires 5 pounds 9½ ounces of brass, containing 60 to 70 per cent of copper, or nearly 3½ pounds. A small copper band around the shell adds 4½ ounces, making the total copper 4.04 pounds. Spelter consumption per shell of this size is about 1.67 pounds. Lead bullets weighing 7.92 pounds constitute the metal load of the projectile.

One pound of copper is used in making 24 Lebel rifle cartridges. Every 125 of these cartridges consume 1 pound of spelter and a small amount of nickel. Steel consumption per shell varies more widely with the different types. A finished 3.3-inch shell contains 6 pounds 15½ ounces of steel, the steel shell weighing 6 pounds 5½ ounces and the diaphragm 9½ ounces.

Just 33 complete chemical and mechanical operations have to be gone through with great accuracy, precision and carelessness, before white cotton, mixed with sulphuric and nitric acid, becomes smokeless powder.

# USE LANCE BOMB AS CHASER

Britain's Mosquito Fleet Armed With Novel Weapons for Fighting in Close Quarters.

The armament of Great Britain's 80-foot "chasers," "ML's" they are called, is interesting. Each carries, besides its deck gun, a "depth charge," six "lance bombs," and a rifle for each of its ten men.

The story of the lance bombs goes like this: A British destroyer was once placed in the embarrassing position of having a U-boat bob up right alongside. It was impossible to depress the guns sufficiently to strafe the stranger, and there was nothing else to strafe him with. What happened to the destroyer I can't say, but it must have got away to tell the story, for each boat is now provided with lance bombs for just such emergencies, says William Washburn Nutting in Collier's Weekly.

The lance bomb is a 14-pound contact bomb on the end of a six-foot handle, the idea being to use it at close range by hurling it much as an athlete throws the hammer. These are implements loaded with awful possibilities in the hands of an amateur, and the surest road to unpopularity with one's shipmates is to suggest a lance bomb rehearsal.

# Tapping a Submarine.

It's in the In and Out club, the junior service club in London, where tall yarns are spun by the fellows in town on leave, and this one is the best, but with it goes no guaranty or refund money. But before shooting my piece let me state that, no matter how wild the lie may sound, truth at least in this war is stranger than fiction, writes a London correspondent. In a cove on the east coast of Ireland Fritz submarines, thinking he could escape his sole pursuer, an old-time gunboat on patrol, with a busted wireless, and without any way to call for help. By means of a grapnel the gunboat finally locates him lying still on the shelving bottom. A diver is sent down. He has a big hammer. He knocks on the hull of the German sub, and the taps of the hammer spell out, in the Morse code: "Will you come up or will you take a bomb?" Fritz comes up.

# And Then He Kissed Her.

"Daughter," said the mother, severely, "I wish to speak to you on a very serious subject."

Daughter assumed her most child-like expression and murmured: "Yes, mamma."

"I must tell you that I was passing through the hall last night and I saw that young Mr. Simpkins kiss you."

"Yes, mamma."

"Did you give him permission to kiss you?"

"No, mamma."

"Then how did he come to do it?"

"He asked me if it would offend me if he kissed me."

"Yes, yes. And what did you say?"

"I said how could I tell until I knew how it would affect me."—Cleveland Plain Dealer.

# Birds Heaviest Eaters.

Birds are the heaviest eaters in the animal kingdom. Assuming—which is conservative—that an adult lark consumes fifty grasshoppers a day and that five pairs of larks nest each season on every good-sized farm where they are not persecuted or too much disturbed by the plowing and mowing of all the suitable land, the number of grasshoppers dispatched daily on such a farm means a boon the enlightened farmer must appreciate.

# Russia Plans Waterways.

Russia may carry out a complete reorganization on a huge scale of its inland waterways, if plans made previous to the recent political upheaval are realized. The project includes improvement of existing waterways, construction of new waterways and ports, utilization of waterfalls for producing electric power, improvement of navigation, etc. The work, it is estimated, will be finished in 1930 and cost \$457,000,000.

Paris had saw mills in the thirteenth century.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc. (Adv.)

8. Public Property, Chairman, T. B. Huddleston; T. J. Wear, C. L. Buck, L. B. Wyatt.

# Fight Phone Rate

By special request Mayor Payne, made an address to the council setting forth the entire controversy over the effort of the Southern Bell Telephone company to secure a raise in rates from the Alabama Public Service Commission.

It was agreed that the plans, as aid by the authorities of the city of Birmingham be entered into by the city of Albany, to the extent, that this city pay its prorata share of the salary of an expert, whose duty it shall be to lead the fight against the attempt of the phone company to raise rates. Two negative votes were cast against this proposition, those of Aldermen Wear and Waddell.

On only one other occasion was there a divided council. When an effort was made to enter into the election of a number of city policemen, and other city employees at last night's session Aldermen Huddleston, Williams, Wear and Waddell voted it down. Following this vote the council adjourned until 6 o'clock tonight, when according to agreement, the election of certain policemen and other employees will be taken up.

Early in the life of the new council, Secretary McDaniel extended it an invitation to attend the Chamber of Commerce meeting tonight at 8:30, which was unanimously accepted.

# Session Old Council

Immediately upon the meeting of the outgoing council last night, a number of out standing bills were ordered paid, and then City Clerk Hartung read his report on the financial condition of the city. It was shown that the city's treasury contained close to \$30,000.00, that more obligations of the city had been met in the last two years than in any other two years in the history of the city, that the price on electric lighting had been reduced considerably, and that the gas company had been allowed a slight increase in rates for a period of twelve months only.

# Common Delusion.

"One reason for high prices," remarked Jud Tunkins, "is that so many people think nothing can be any good unless it costs a lot of money."

# MORNING TO YOU, PETE!

Kansas City, Mo. —late at night!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15th when our old 38th clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old glue pot—everybody was stuck on you!

Sam and I fought the war all over again and dug into our Camel supplies like it was "free commissary". Sam never will get all done talking about that session when we couldn't move a hair without getting a close shave—and, no eats or smokes!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why, Camel talk trickles off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head all right!

"Camels certainly are friendly", was the way Sam put it in his old-time vigor-vim style. "You know as well as I do", he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels! No objectionable odor, no lingering unpleasant aftertaste! Summing it all up, Shorty, I'll say Camels are the greatest cigarettes in the world at any price!"

Headed southeast tonight, with Winston-Salem, N. C. my first port of call. Some jump from K. C. I Pete, it's Winston-Salem where Camels are made! GET ME!

Sincerely

Shorty.

## SAYS SOUTHLAND'S FARMS SHOULD BE LURE TO FARMER

(By James Cruikshank, International News Service Staff Correspondent.)

WILMINGTON, N. C., Oct. 5.—"Nearly 100,000 American farmers have purchased 3,000,000 Canadian acres this summer. They are transplanting their food-producing energies to Canada, to the Dominion's profit and to Uncle Sam's loss. Land in Canada is cheap. The time is coming when it won't be cheap. Acreage will cost as much there as here. And then what is the farmer going to do? Where is he going? The rest of the world excepting Siberia and the Sahara already is crowded."

The above paragraph is from an editorial in a Minneapolis newspaper, a community which feels the drain of rural northwest United States more than most parts of this country, for it is from the West the chief exodus of American farmers across the Canadian border is taking place. The Minneapolis newspaper in its last sentence is entirely wrong. The world is not overcrowded with the exception of Siberia and the Sahara. The South has vacant land, lots of it, and capable of raising crops which cannot be raised in Western Canada except in hothouses. The writer knows about land values in Western Canada from first-hand experience. First-class, well-improved farms adjoining the chief cities of the Canadian Western provinces cost from \$100 to \$125 an acre, but at such a figure excellent houses, barns, granaries, wells and substantial wire fences are included. Land which has not been improved, or "wild" land as it is known in the Canadian West can be bought for from \$20 to \$75 an acre, depending on proximity to

large centers.

**Canadian Handicap**  
The price may seem cheap to some, but consider what the land can raise. Wheat is the main crop, with oats, barley and flax next in order. Twenty bushels of wheat is reckoned a very fair yield, indeed. Prior to the war, a returned a gross income of about \$15 to \$20 an acre. Oats, barley and flax gave about the same gross return. Western Canada also raises livestock, but feed must be put up in the Summer to Winter the stock through a period of six months when the ground is covered with snow. There is not a mile of hard surfaced road in the Western provinces outside of the limits of some of the principal cities. The farmers have made money in Western Canada because most of those who are prosperous now bought land at around \$4 to \$10 an acre, prior to 1909, are wealthy today because their lands have greatly increased in value.

Consider the great difference in the possible returns from a farm in Western Canada and one in the South. Less than a 320-acre farm is almost useless in the western grain belt, because only two crops of grain can be successfully raised without Summer following.

**Some Canadian Costs**  
To acquire a farm of 320 acres in the Western wheat belt of wild land, remote from a settlement, only to be reached by miserable prairie trails, will cost at least \$6,400. To buy four horses, and a less number is useless, because the season is short and the field work must be done on a big scale, costs another \$800. Farm implements and buildings at the lowest estimate will take another \$2,000, or a total of \$9,200 in order for the farmer to be in shape to start to work. Then he plays his virgin prairie in April or May, backsets it in September, seeds it next Spring and eighteen months after he first plows gets his first crop.

With \$9,200 any practical agriculturist can acquire as much land as several men can cultivate in the South, and on each acre of the Southern land raise crops which return as great revenue as 100 acres of grain land in the Western wheat belt.

These are facts which cannot be disputed. The trouble is that the people outside of the South are ignorant of the wonderful chance which is awaiting them here.

## Many Like This in Albany

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Albany. It is an easy matter to verify it. You cannot ask for better proof.

Lee McNeese, Prop. wagon and carriage establishment, 120 Meulton street, Albany, says: "I use Doan's Kidney Pills every spring and fall as a preventive of kidney trouble and they keep my kidneys in a good, healthy condition. In the wagon and carriage business, I have considerable standing on my feet and now and then take a heavy lift. It affects my kidneys and brings on an attack of back ache. My kidneys act irregularly, too. As soon as I feel any of these symptoms coming on, I get a box of Doan's Kidney Pills at the People's Drug Co., and in a short time my troubles disappear. I am pleased to give Doan's Kidney Pills my endorsement."

## Hartselle News

HARTSELLE, Oct. 5.—Special—  
Rev. D. W. Ward, who occupies the conference home at this place is the oldest living member of the North Alabama conference, and as such will have a place on the semi-centennial program at the coming meeting in the city of Gadsden.

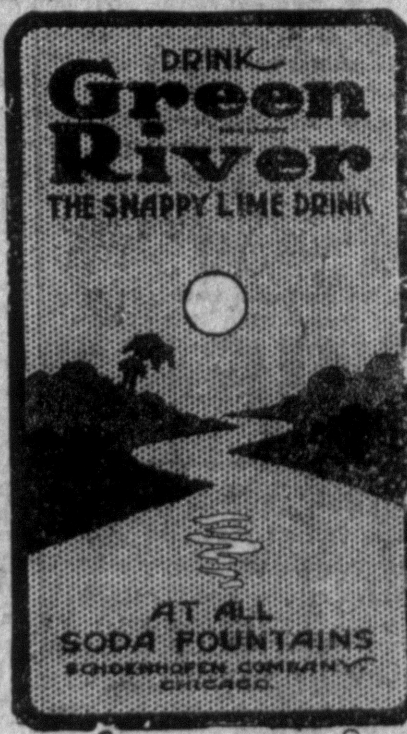

Next Sunday morning at the First Methodist church, Bro. Ward will occupy the pulpit at the eleven o'clock hour and give a history of this work. Years ago he was pastor of this church, and is held in high esteem by his large circle of friends and brethren all over the state.

Dr. B. F. Austin, health officer of the county was here during the fair making some investigations as to health conditions, and spent some time at the public school. He also gave demonstrations at the fair grounds, bringing in a strong way to the attention of the people just what the health department was doing to conserve the public health.

Miss Ruth Banks, of Decatur, assistant to the county health officer, was here during the fair.

Work on the annex to the high school is progressing rapidly now, and it will not be long before much more available space will be at hand to relieve the congestion in some departments of this school.

The many friends of Walter (Red) Rountree and Eugene Polyinsky, two Hartselle boys who are students at Vanderbilt are glad to see they are making good at athletics, being connected with the Commodore aggregation.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc. (Adv)

EVERY cent you spend over the price of Calumet might as well be thrown away. You don't get a thing for it. You can't get greater leavening strength or greater purity than are offered in Calumet.

Contains only such ingredients as have been officially endorsed by the U. S. Food Authorities.

No matter what you pay you can't secure as much in sound baking powder quality.

You can buy a cheaper baking powder—a little lower in price than Calumet—and much lower in merit. That's the worst kind of false economy.

Calumet never fails. Every baking is perfectly raised—sweet, even and tasty.

Used by millions of housewives and is the largest selling brand in the world.

Gluten gives flour a good part of its food value—the element that nourishes the body. To be sure of getting it, use only pure baking powder with plain flour, (not self-rising flour).

**Calumet Graham Muffin Recipe**  
1 cup of white flour, 1 cup of Graham flour, 1 tablespoon of sugar, 3 level teaspoons Calumet Baking Powder, 1 teaspoon salt, 1 cup of milk, 1 egg well beaten, 1 tablespoon melted butter. Then mix in the regular way.

## We Must Guard Our Girls

On the threshold of womanhood comes the crisis which means health or invalidism. Three generations ago an old southern doctor wrote a prescription for the ills of women, which has become known to fame as "Stella Vitae," has been the right thing at the right time for thousands of young girls, down to the present day. Try it for YOUR daughter. Money refunded if FIRST BOTTLE does not benefit. At your drug store

## Saved An Operation

MR. W. F. NELSON, a merchant of Hixson, Tenn., says: "That the daughter of one of his neighbors, Mr. James Roberts, was in such a condition with female trouble that an operation was advised, and the young lady was sent to Chattanooga for its performance. She dreaded the operation, and STELLA VITAE having been recommended, decided to try that first. She has taken six bottles and is happily on the road to recovery. She is able to do her usual work and is in better health than for years before, but continues to use it. She writes: 'STELLA VITAE will do all you claim.' Her father says 'She began to improve at once, after taking STELLA VITAE.'"
